

MAZDA2

Product Guide

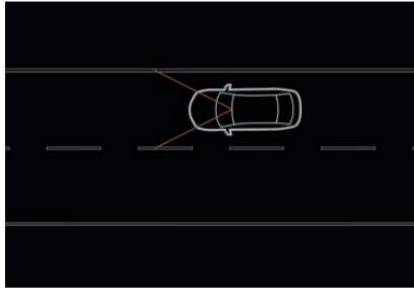

# Advanced Safety Technology

## COLOUR ACTIVE DRIVING DISPLAY

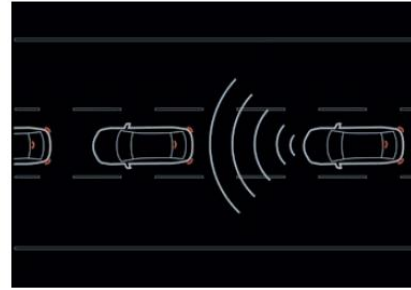

The colour Active Driving Display presents essential driver information including vehicle speed, turn-by-turn navigation and speed limits above the steering wheel, closer to the driver's field of vision meaning you can safely focus on the road. *On 90ps GT Grade with Optional Driving Pack, Navigation is an optional extra.*

## LANE KEEP ASSIST (LAS)

Lane-keep Assist System is designed to prevent your vehicle from inadvertently straying from its lane. A front view camera monitors the road ahead and calculates the car's position relative to the lane markings. If the system detects the vehicle is moving out of its lane unintentionally, the steering wheel will vibrate and an audible alert will sound. The system will also take corrective action to help you stay within the lanes through assisted steering.

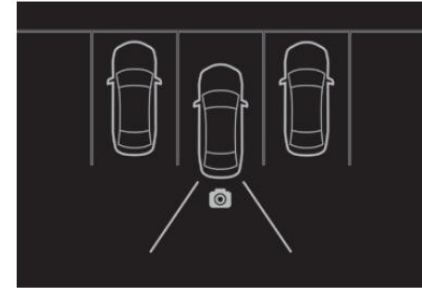

*Standard on 90ps GT Grade.*

## ADVANCED SMART CITY BRAKE SUPPORT(SCBS)

Designed to make busy city traffic more relaxing for the driver both during the day and at night. Mazda's Advanced Smart City Brake Support (SCBS) helps to avoid or minimise the risk of low speed collisions, the most common type of city traffic accidents. The laser-based system monitors the gap and closing speed of the vehicle in front, as well as pedestrians, automatically applying the brakes if a collision is likely at speeds of up to approximately 80km/h.

*Standard on 90ps GT Grade*

## REVERSING CAMERA

A camera fixed at the rear of the vehicle displays a clear view of everything happening behind the car onto the centre console screen. Giving you a clearer image when reversing, the reversing camera helps guide you into parking spaces and avoid obstacles, making parking easier than ever.

*On 90ps GT Grade with Optional Driving Pack*

# Mazda M Hybrid

---

## MAZDA M HYBRID

Constantly striving to further improve fuel economy and lower emissions, Mazda has introduced an intelligent Mild Hybrid system called Mazda M Hybrid which uses kinetic energy from regenerative braking to help acceleration from launch and power electronics. The 2020 Mazda2 features this new technology which comes on both the 75ps and 90ps powertrains. The result is a car that delivers outstanding performance, low running costs and strong environmental credentials.

# Specification Highlights

---

## **GS (Connectivity Pack)**

15" Silver Alloy Wheels  
Mazda M Hybrid with i-Stop  
ABS with Electronic Brake-force Distribution (EBD) and  
Emergency Brake Assist (EBA)  
Dynamic Stability Control (DSC) & Tyre Pressure  
Monitoring System (TPMS)  
Hill Hold Assist  
LED Headlights with Halogen daytime running lights  
Power Windows Front & Rear Windows  
Driver/Passenger Side & Curtain Airbags  
Keyless Entry  
G-Vectoring Control Plus  
Alarm and immobiliser  
Engine start button  
Rear spoiler  
Heated and Auto Electric Folding Mirrors  
Leather Steering Wheel  
60:40 Rear Seats  
Manual Air Conditioning  
Integrated Bluetooth  
Cruise Control with speed limiter  
Passenger Seat Lifter  
Auto dimming inner mirror  
7" MZD Colour Display with DAB radio and 6 Speakers  
Apple CarPlay™/Android Auto™  
Multimedia Commander & 2 USB's

## **GS Sport**

*In addition to GS Connectivity Pack, GS Sport adds:*

16" Silver Metallic Alloy Wheels  
Shark-fin antenna  
Rear privacy glass  
Rear parking sensors  
Rain & light sensors  
Automatic Air Conditioning

## **GT**

*In addition to GS Sport grade, GT adds:*

Chrome Accent for front & rear bumpers  
Gloss black grille  
Smart City Brake Support  
Lane Departure Warning  
Lane Keep Assist  
High Cloth interior  
90ps Skyactiv-G  
LED Signature Daytime Running Lights  
Smart keyless entry

## **GT (Driving Pack)**

*In addition to GT grade, the Driving Pack adds:*

Half stone leather with charcoal fabric inserts  
Front seat heaters  
Heated steering wheel  
Active Driving Display  
Rear View Camera
