

E-Class Estate

Price List as of 01st June 2021

Mercedes-Benz

Welcome

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the attractive finance offers and benefits that are available to every Mercedes-Benz driver.

We have highlighted some of the best styling features both inside and out, some of the new technology features and some body styling options which all combine to give you a unique driving experience. To experience a full listing of what is available; please speak directly to your local Mercedes-Benz Dealer.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart, which is why we'd like to invite you for a test drive at your local Mercedes-Benz Dealership. Discover the location and the contact details of your local Mercedes-Benz Dealership at **www.mercedes-benz.ie**

This is a Consumer Hire Purchase agreement provided by Bank of Ireland t/a Bank of Ireland Finance. CO2 range: 123 – 110 g/km and 4.7 – 4.2 l/100km

Made to win the day.

Space, comfort, safety, innovations – these are the virtues with which the new E-Class Estate continues to compel, albeit with unprecedented sportiness. A more dynamic design, pioneering safety features, a digital cockpit, MBUX and sophisticated comfort features set new benchmarks in the luxury segment.

More than meets the eye behind the large tailgate.

The dynamic and elegant rear end conceals the unique selling proposition of the new E-Class Estate: the generous load compartment. Larger items can be transported even without folding down the rear seat backrests. However, the Estate model is more than just functional: two-piece tail lamps and sporty wheels turn heads.

Dream interior.

The centrepiece in the interior of the new Estate model: the digital cockpit. High-resolution multimedia displays make the vehicle as intuitive to operate as a smartphone. Part of the new operating concept: the new high-quality 3-spoke multifunction steering wheel. It features sensor surfaces for operating the media display and the cockpit display.

The innovative safety concept of the new E-Class Estate.

Mercedes-Benz has always been a pioneer in matters of safety. The new generation of driving assistance systems underscores this reputation: safety innovations such as Active Distance Assist, Blind Spot Assist or Active Brake Assist with cross-traffic function set new standards.

Doesn't reinvent the wheel. But the way in which it turns.

Mercedes-Benz keeps developing new and pioneering powertrain technologies. The goal: efficient and economical engines with no loss in comfort. The result of our systematic development work: powerful hybrid engines, which pave the way to a zero-emission future while already enriching our mobile life today.

The image shows the rear passenger area of a car with light-colored, perforated leather seats. The seats have a ribbed design and are positioned next to a window. The text is overlaid on the left side of the image.

Wellness at the touch of a button.

A host of features ensure your comfort in the E-Class Estate. Key here are the ENERGIZING packages, which bundle various comfort functions such as massage seats, air cooling, music/sound or ambient lighting moods into individually selectable feel-good presets. First-class sound is provided by the Burmester® surround sound system.

MBUX.

The future has arrived in the new E-Class Estate. The cockpit: equipped with digital high-resolution multimedia displays that can be customised. The navigation: a mix of augmented reality and live image. The operation: by voice and gesture control thanks to the intelligent MBUX voice assistant. The feeling: wow.

MBUX Augmented Reality Navigation.

To enable you to find your way in complex traffic situations, MBUX Augmented Reality Navigation connects the virtual world with the real world. The technology incorporates graphical navigation instructions and traffic information into live images, so helping you to reach your destination quickly, safely and stress-free.

New MULTIBEAM LED headlamps.

The adaptive MULTIBEAM LED headlamps with individually controlled LEDs react to the traffic situation. ULTRA RANGE increases the range of the main beams to the permitted maximum.

Burmester® surround sound system.

The legendary sound systems from Burmester® are renowned worldwide for their first-class sound. In the new E-Class Estate, the high-performance loudspeakers can be optimised specifically for the front or the rear seats. The result: an even more intensive listening experience.

EASY-PACK tailgate.

The EASY-PACK tailgate makes loading and unloading the luggage compartment even more convenient. You can start the opening and closing process very conveniently via a button and interrupt it at any time by pressing the control element again.

Ambient lighting.

Showcase the interior according to your personal preferences or current mood. The 64 colours of the ambient lighting create exciting colour schemes, which can alternate dynamically or illuminate several areas in different colours.

AVANTGARDE.

Individuality and sportiness as standard: the base version of your E-Class already comes with the attractive AVANTGARDE exterior. It clearly accentuates the dynamism and the elegance of your vehicle. The interplay of all design elements results in a vehicle you want to own.

EXCLUSIVE.

Demonstrate that you care strongly about elegance and prestige: with the EXCLUSIVE exterior, your focus is on classic Mercedes-Benz design and on stylish chrome touches. The interplay of all elements conveys a classy overall impression.

AMG Line.

Demonstrate that you care strongly about sportiness: with the discrete styling of the AMG Line, your focus is on modern design and striking dynamics. The interplay of all elements conveys an expressive overall impression. The lowered suspension clearly underscores this effect – and offers lots of driving fun to boot.

Night package.

With the Night package, your sporty exterior looks even more expressive. Numerous elements sport a black or high-gloss black finish. Depending on the paintwork, this creates contrasts or flowing transitions. Whichever you choose: there are always clear benefits in terms of individuality.

Hybrid initiative.

Our goal: fewer emissions. Intelligent hybrid technologies pave the way there with economical combustion engines and efficient electric drive units. As a result, you can now already drive through the city centre without emissions and comfortably undertake long journeys.

AIR BODY CONTROL.

Be it comfortable or sporty – with AIR BODY CONTROL, you can tune the suspension in the E-Class Estate to suit your personal preferences. Regardless of which mode you select with the controller: driving fun is included with all of them.

Made to win the night.

The Mercedes-AMG E-Class Estate.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for the race track – and for the road.

Welcome to the world of AMG.
