Mercedes-Benz

Welcome

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the attractive finance offers and benefits that are available to every Mercedes-Benz driver.

We have highlighted some of the best styling features both inside and out, some of the new technology features and some body styling options which all combine to give you a unique driving experience. To experience a full listing of what is available; please speak directly to your local Mercedes-Benz Dealer.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart, which is why we'd like to invite you for a test drive at your local Mercedes-Benz Dealership. Discover the location and the contact details of your local Mercedes-Benz Dealership at **www.mercedes-benz.ie**

The background of the advertisement is a photograph of a wooden pier extending into a body of water. A man in a dark coat and light-colored pants is walking away from the camera on the pier. In the foreground, the front left corner of a silver Mercedes-Benz GLS is visible, showing the grille with the Mercedes-Benz logo and the license plate 'S UV 1676'. The pier has a white metal railing and is supported by large wooden beams. In the distance, a city skyline is visible across the water under a clear sky.

The pinnacle of space and comfort is only to be found in the new GLS.

The new GLS does full justice to the “S” in its name. Like no other car in the world, it combines the effortless agility of an SUV with the inner qualities of an S-Class. Climb aboard and discover exquisite luxury, tangible comfort and an unprecedented standard of exemplary safety.

A close-up, high-angle shot of the front passenger side of a Mercedes-Benz GLS. The image highlights the luxurious interior with dark leather upholstery, a large speaker grille, and a sleek door handle. The dashboard and center console are visible in the background, showing the MBUX infotainment system and wood trim. The lighting is soft and warm, creating a sophisticated atmosphere.

Climb aboard and revel in modern luxury.

In the new GLS everything you see and touch adds up to a first-class experience. The fluid transitions, the stylish wood trim and the all-digital Widescreen Cockpit blend harmoniously into the superlative interior. As the first luxury-class Mercedes to feature the MBUX infotainment system, it also understands you better than ever before.

Maximum comfort.
And almost minimalist design.

A rear compartment like none before.

The interior of the new GLS really is larger than life, with ample space for seven people. Each seat offers luxury-class comfort and an infotainment offering that even goes one better. The second row of seats is electrically adjustable and the third row is more comfortable than ever.

The world's most masterfully refined suspension.

When the going gets tough, the new GLS always retains its poise and composure like no other in its class, with the fully active E-ACTIVE BODY CONTROL suspension. Both on- and off-road. A new electrified engine and a comprehensive Off-Road Engineering package are optionally available to add the definitive final touch to the car's unparalleled comfort.

Mercedes-Benz Intelligent Drive.

In the rush hour, during a long drive at night or on an unfamiliar route, your new GLS SUV noticeably takes the strain out of driving, particularly in stressful situations. It's all down to a concept that makes every journey in a Mercedes-Benz a safer and exceptional experience: Mercedes-Benz Intelligent Drive. Because the time you spend behind the wheel is your time. Time for relaxation. Time to replenish your energy. So that, first and foremost, you reach your destination safely, but are also relaxed when you get there.

EQUIPMENT HIGHLIGHTS – DRIVING ASSISTANCE SYSTEMS

The **Driving Assistance package Plus** offers maximum comfort and safety on the road to autonomous driving. To supplement the Driving Assistance package you receive Active Stop-and-Go Assist, which ideally takes the strain off you on motorways. A further benefit of this package is PRE-SAFE® Impulse Side, which can provide additional protection in side collisions caused by other vehicles.

The innovative **PRE-SAFE® Sound** generates a noise from the speakers and can trigger a natural protective reflex. This can protect the inner ear by damping the accident noise.

Optimum parking service on board. **Active Parking Assist with 360° camera** makes it easier for you to find a parking space and to manoeuvre into and out of parking spaces. Here the choice is yours: park with ease yourself thanks to all-round visibility – or make things even easier still by getting the car to park for you.

Mercedes-Benz User Experience.

Infotainment to the highest GLS standard. The new Mercedes-Benz User Experience is designed to beguile. With your every look, every word and every touch.

EQUIPMENT HIGHLIGHTS – CONTROL AND DISPLAY CONVENIENCE

Augmented Reality Video helps you to cope better in complex traffic situations. The optionally available system films the area around the moving vehicle with a camera, combines the live images with practical virtual traffic information and presents everything clearly on the media display.

It takes just two little words from you – “Hey Mercedes” – to activate the intelligent natural-**speech LINGUATRONIC voice control system**, which understands almost every word you speak and can even handle indirect language. The air conditioning will respond to “I feel cold” by setting a higher temperature, for example.

Enjoy the comfort of contactless control with the **MBUX Interior Assistant**: this innovative system captures and interprets your hand and arm movements, So you can activate selected functions in a matter of seconds. As part of this the system is able to differentiate between driver and front passenger – so that you reach precisely the menus you wish to use.

Widescreen Cockpit.

With the Widescreen Cockpit, the instrument display and media display form a visual unit. The two fully digital colour displays are combined beneath a shared glass cover and blend harmoniously into the interior design as a seamless surface. The media display is free-standing for the first time – an elegant eye-catching feature.

Burmester® surround sound system.

26 speakers and a system output of 1610 watts make the Burmester® high-end 3D surround sound system a high-end experience that you can conduct like your own personal orchestra. The sound can be adapted by means of five presets and adjusted individually for each seat. In addition, a noise compensation system (VNC) adapts the sound dynamically to the given driving situation. The speakers sport an equally stylish design, demonstrating premium class even when not a sound is to be heard.

23-inch wheels.

Tailor-made to suit your individual taste: the new GLS offers wheels of up to 23 inches in size, plus a stylish selection of different rim designs and colour variants. To add that final distinguishing flourish to your car's appearance.

Panoramic sliding sunroof.

The optional panoramic sliding sunroof conjures up a wonderful feeling of freedom and a pleasantly light and airy atmosphere inside the vehicle. From the outside it lends the exterior an exclusive lightness of touch.

Standard equipment and appointments.

A bold presence with high-end credentials: the exterior combines typical SUV features with a powerful, cutting-edge design. The generous proportions exude effortless superiority and safety. Chrome elements add elegant and stylish highlights. Aerodynamic optimisation measures deliver first-class efficiency figures and ensure pleasantly quiet driving acoustics.

Discover high-end elegance. High-quality materials, generous dimensions and intelligent details form the basis for a luxurious atmosphere and comfortable travel in up to seven seats. Standard on-board features include: multifunction sports steering wheel, Widescreen Cockpit, MBUX multimedia system and automatic climate control.

The EXCLUSIVE interior.

The EXCLUSIVE interior lends your vehicle a definitive finishing touch inside. Elegant details and stylish materials add individual highlights in keeping with your personal taste.

The AMG Line.

The expressive styling of the AMG Line lends your vehicle a thoroughly dynamic touch. For a clear distinction from the base model. Allowing you to make a clear statement for powerful design.

9G-TRONIC.

Leave the gear-shifting work to your vehicle: you will barely notice the gear changes made by the 9G-TRONIC automatic transmission. Nine gears enable low engine speeds, which reduces your fuel consumption and ensures a more pleasant noise level.

When you select the Comfort and ECO drive programs via DYNAMIC SELECT, the 9G-TRONIC will shift smoothly and efficiently through the nine gears for the ultimate in driving comfort. The transmission also comes with sporty credentials: at the push of a button you can enjoy fast, sporty gear changes while nevertheless remaining in the ideal engine speed range for much of the time. Sport mode raises performance accordingly for even greater driving enjoyment.

Wheels

Base Line wheels

19-inch 6-twin-spoke light-alloy wheels - 36R - Base Line Standard

19-inch 5-twin light-alloy wheels -65R - Optional wheel

22-inch AMG multi-spoke light-alloy wheels - RPB - Optional AMG Line wheel

23-inch AMG 5-twin-spoke light-alloy wheels - RPQ - Optional AMG Line wheel

E-ACTIVE BODY CONTROL.

A totally new active suspension is available for the new GLS in the guise of E-ACTIVE BODY CONTROL. This incorporates the camera-based lane recognition system ROAD SURFACE SCAN and the CURVE active curve inclination function, and is able to assess the driving situation, speed and load. Damping and level control are automatically adjusted for each wheel accordingly. For excellent ride comfort and outstanding stability – on and off the road alike.

Not an SUV. An AMG.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for the race track – and for the road.

Welcome to the world of AMG.

¹ Information about the rated output according to Regulation (EC) No. 715/2007 in the currently applicable version. ² Available temporarily. ³ Electronically limited. ⁴ The stated figures were determined according to the prescribed measurement method. They constitute the “NEDC CO₂ figures” pursuant to Art. 2 No. 1 Implementing Regulation (EU) 2017/1153. Fuel consumption figures have been calculated on this basis. More information about the official fuel consumption and the official specific CO₂ emissions of new passenger cars is available in the publication entitled “Leitfaden über den Kraftstoffverbrauch, die CO₂-Emissionen und den Stromverbrauch neuer Personenkraftwagen” [“Guidelines concerning the fuel consumption, CO₂ emissions and electricity consumption of new passenger cars”], available free of charge from all retailers and from Deutsche Automobil Treuhand GmbH (www.dat.de). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models. The figures will vary according to the optional equipment selected. ⁵ Information only valid within the European Union. May vary from country to country. ⁶ Determined on the basis of the measured CO₂ emissions, taking into consideration the vehicle mass. Only valid for Germany. For more technical data, please visit www.mercedes-benz.com

Dimensions.

¹ With minimum to maximum tyre size at normal or highway level. ² With rear bench seat moved forward by 100 mm. All figures in millimetres. The illustrated dimensions are mean values. They are valid for vehicles in basic specification and in unladen condition.
